- **Tasting Tips:** *(by no means are these rules, they are just guidelines to help you enjoy your time in wine country)*
 - **Sharing:** It is totally fine to share your tastings in most situations, however some private tastings are not setup for sharing. Every winery is different.
 - **Red or White only:** Most wineries will have some of each, but it is fine to say you want reds only. They should then tailor the tasting around your preferences.
 - **Dumping:** All wineries pour a 1 ounce per tasting by law, but you do not have to finish the whole thing. If you are finished tasting, it is OK to just dump it and continue to the next wine.
 - **Spitting:** Totally acceptable and not rude at all. It is a great way to get a feel for the wine and taste more throughout the day.
